## Why do Women Test

**Women will always test a man when they are feeling attraction.**

**If the man is George Clooney odds are he won't be tested too much and too often.**

**He may still be tested though, if the woman doing the test wants assurance as why is he with her, because as in 2016 Clooney gets any woman he wants, so she needs reassurance.**

**Women test men when they are feeling attraction, with the one and only purpose of finding out if the subject is worth sexually if he's genetically a good prospect.**

**If you fail a test doesn't mean you won't see her again, but you'll definitely won't see her naked.**

**There are basically two kinds of tests. Compliance and Congruence.**

**Compliance Tests** are the ones she uses so she can position you as a subject worth the chase, or friend zone material, or husband material. A lover or a provider.

**Whatever runs from asking favors out of nowhere, asking for you to things for her, to buy her drinks, take her for a ride. Basically anything you do for her, when there's no reason why you should.**

**A hot woman is used to men doing things for her. but none of them get her laid.**

**Congruence Tests** are the ones she uses so she can be assured that you are what you portray. e.g. not a test but will exemplify better ... If you see a man hopping out of a Harley, both sleeves tattooed, long beard, all jacked up and all around badass ... and talks like a kid on the choir ... that's s not congruent with the rest of the traits from the man.

There's third one that I've coined **Sexual Tests**, which are sneaky form of congruence test, we'll break it down ahead.

**So she tests your congruence. She will put you in situations where you cannot fake an answer.**

**If you fake it - it'll show and she'll know ——>fail.**

**Basic Congruence test for a man: Oh you are such a player ... but said in a manner as she dislikes players. Or said as she'd dislike you for that <—it may sound like that but that's not her**

**intention; if you are portraying a player's image and you are caught, you are not congruent.**

**Basically is pointing to a trait that's she is testing on you, by commenting on it.**

**Tests are unavoidable, they will come but, depending of what your close is, you might not have them.**

**Test are preventable, and that will depend on how you present yourself, your body language, confidence, poise, social proof, preselection, etc.**

**There are **two ways to pass a congruence test.****

**You Pass a Test By **Non reacting.****

**Meaning you, no matter what, you don't constrain a single muscle, nor change your depth or frequency of breathing.**

**Basically you don't give a fuck.**

**But you keep that to yourself. You don't actually say it.**

# UNLEASHING THE ALPHA

**You pass a test by Raising the Stake. Whatever the test is, reframe is at measurable so if she says that you are a player, you say “I’m the best player you’ll ever meet” or “I’m a better player than you”... all while keeping your cool, not laughing, with just a smirk on your face.**

## **ALWAYS KEEP YOUR COOL WHILE TESTED ALWAYS**

**There’s one solid way to pass compliance tests and that is to ask for a return act of compliance: Never just do something for a woman you just met or reward her for anything.**

**If she asks you to pay for her drinks or favors of any kind, you ask her for something in return, a foot massage, for her to rub your back, etc ... all while sinking your penetrative gaze piercing her soul ... not laughing ... keeping your cool.**

# UNLEASHING THE ALPHA

**The key here is to always reward women, and do reward them, when they start to behave the way YOU want to.**

**And this goes to all relationships with woman you'll ever have, lovers, girlfriends, marriage. And this is because women are wired to comply to his man's desires, but the man has to be THE MAN, on his purpose, self loving, with all of the qualities I teach in the UTA book.**

**Women want to experience the emotions that flow in a polar opposite, balanced relationship. Ying Yang flow of Universal Energy. The man with the purpose, penetrating; the woman with her ocean of emotions allowing herself to be penetrated, sailed by, her man.**

**So women behaving, being submissive to her man, is her desired state.**

**She craves to feel like that and have a man who can make her feel like that. A dominant - not domineering - man.**

**She wants to be led, she wants to be submissive to her man sexually. So when a woman starts to behave like you want, you reward her and not take it for granted, which is a big mistake most men make.**

# UNLEASHING THE ALPHA

**Feminism has pushed to equality. Of course women should be paid the same for the same job, performed at the same level than a man.**

**Of course women should be treated with respect.**

**But there are some deeply engrained behaviors that can't be equalized in order to maintain HER interest in the relationship, HER attraction. If a man refuses to lead, she will lead, but at the cost of her feminine role, which will eventually frustrate her.**

**And that DOES NOT mean to force women to behave like her man wants.**

**Being that physically or emotionally.**

**Women will behave like her man wants, out of HER desire to please him. That's a form of qualification she has, to make him aware that she's attracted to him.**

**That's filling her female gender role.**

**So whenever a woman throws a test at you and you fail, you're failing because she cannot feel attraction for a man who's not congruent, she won't feel secure/comfortable with him, or for a**

**man who ends up doing what she wants, so she tests him.**

**And she'll do this always, all the time when she's feeling attracted.**

**Again this goes for all the relationships you want to have with women. Once she starts to behave the way YOU WANT, then you start to reward her for her behavior. ALL OTHER ways to handle women are unnatural and lead to unwanted outcomes and breakups.**

**So the way to pass test is to keep your cool. In all situations. And it all goes back to mindset again: you are there to have fun, to amuse yourself.**

**Sexual tests** are a sneaky type of congruence test.

**If a woman starts to make very explicit sexual remarks, when you have not initiated them, say at a dinner table; or physically she starts to make sure you notice her tits, or ass, and you become distracted, or want to just grab one of her tits and touch her, or go for the kiss immediately, or get turned on by her on the spot, be aware of the context.**

**If you are alone with her of course probably she's just throwing herself to you, and she want you to step in and take her. But**

**other times, and again it depends on the context, she may be testing you, because the Alpha Man she's with, is supposed to have plenty of choices with women, so one more pussy thrown at him should not mean a big deal to him.**

**Anyway, if she is throwing herself at you, don't go for the kiss, or the touching or to unbutton your pants on the spot either.**

**Now that you know, tease her, push pull her, make HER throw herself at you.**

**Because the Alpha Man has sex when HE wants, whenever he wants, because it is obvious all the women are attracted to him and wants to fuck him. ( for your mindsets )**

## **Some Other Forms of Tests**

**In a group of women, they can all be testing you at the same time. They know what the other one is doing and it's ok to them.**

# UNLEASHING THE ALPHA

PLATINUM EDITION

**Women are like that, they'll share that information, by instinct. Say, you are talking to a group of four women, and you are having a blast and one by one can start to test you. They all want to know what you are made up from. No matter if they are in a relationship or not.**

**Some women, especially if they sense that you are very interested in a friend of hers, and she's not getting any, can be very annoying or even disrespectful while testing.**

**Here is the crossroad. Continuing the pursue for the hot chick, but managing the cock blocking bitch, can be an experience that I don't recommend. Too much investment.**

**The other way is to keep on pursuing - and I don't mean running after her, you understand that - the hottie and try to handle the friend.**

**The problem with that is if a HOT girl has those kinds of friends - fat ugly, nasty and annoying - it doesn't speak too well about her self esteem. And we've already covered that.**

**On the contrary. If her fat, ugly friend is nice to you, you treat her right, if she helps you, you help her. You validate her. If she doesn't, you know what to do.**

# Avoiding Tests (DDR. et. al)

The best way to avoid tests, is to be **Self amused & Drama Seeking.**

**Self Amused** means that you are always entertaining yourself and having fun. You laugh and have a fun time because it's fun to you and you don't care who else thinks it's fun. You are always focused in your own enjoyment of the situation **FIRST** and then you bring other people in on your fun.

**Drama seeking** means that you are always making your interactions emotionally complicated for women. This does not mean you'll grow tits and start to read Cosmo. No, that's not it. It does not make you a pussy or feminine to get into the drama of a situation, it simply means you are a man who can give women the drug they crave more than anything else in the world. **Emotional Experience.** That's what chicks want.

# UNLEASHING THE ALPHA

**Women want to feel the emotions of being with you, they want to be flattered, amazed, teased, excited, annoyed, chilled, shocked, and any other emotion that gets them on their roller coaster.**

**The easiest way to give her drama is to tease her. Relentlessly.**

**You tease a woman with whatever you want, and you can get away with the harshest shit if you always pull back in the right way.**

**You can tease her with: she's fat, poor, her mother's in love with you, she's not very socially smart, she's a drunk, she's just using you for sex, she's not good with guys, whatever you want.**

**You can hit it off the park every time with the right combination of "I'm totally fvcking with you" and "Yeah you're kind of ok, I guess".**

**IMPORTANT: If you feel if you've offended her or pushed it too far, don't back pedal, keep going forward.**

**And NEVER apologize.**

**If she can't handle your teasing, you know where you stand. Just keep on going forward to the point she knows you are doing it**

**on purpose. The moment you fall into I'm sorry mode you can forget about tasting, smelling and pounding that pussy.**

**The way to do it is Tease—>make nice—>tease—>make nice—>tease again.**

**All this works on different environments too. The key is to calibrate to the context, which would be much softer on a daytime environment. At nighttime it can be more loud, crazy and explicit.**
