UNLEASHING THE ALPHA

PLATINUM EDITION

Qualification is the process by which a person “sells” him/herself to others.

If you were at a job interview, and you were somehow sensing that your résumé isn't exactly landing you the job, you would rush and say: Hey but I know how to do X, Y and Z too. That is qualifying yourself to the other person.

Your job interviewer in this case.

At that job interview, you just rushed to let your interviewer know that you are more than what his/her eyes are seeing. That you are more capable, a better candidate for the position. That's what qualifying does.

At the job interview the applicant could have attended not giving a fuck about if he gets chosen or not. But the minute he qualifies himself saying he does X, Y and Z, the frame of the interaction changes. He now gives a fuck and it's trying to get the job. The positioning changes and the interviewer becomes the chooser.

An Alpha Man is always the chooser in the interaction. That is his positioning. He has the power, and the other person is seeking the approval of the power.

When you rise to the position of being the chooser, she'll accept the frame - because it's her nature to be submissive to a strong man - and fall into the mindset of "yes I'm chasing this guy". She automatically becomes significantly more attracted and interested in you.

And you do that with Qualification.

At any any stage of the interaction, and specially in the attraction phase, you want to get your woman to qualify herself to you.

A woman can qualify herself spontaneously. Suppose you are there talking to a girl, and suddenly one out of nowhere she says: BTW, I'm a business consultant for this huge company ... what she's actually telling you, is: I also know X, Y and Z like the job interview. She's aiming for you to have more evidence why you should like her better, besides all that you are experiencing of her, she's also trying to tell you that she's successful and intelligent.

And that is key.

You should always accept and acknowledge that from her. She's telling you "would you like me now ?" So, don't be an ass and reward her for that. Ohh Great, tell me more about it (if you want to hear it, advisable) but you always accept her for that. You don't need to agree with her, those investments she's doing for you are not open for debate.

Active listening is required for you to catch those auto qualifications, that come very subtle sometimes. Failure to do that, and she will translate that as you don't like her for what she is, and loose her attraction for you.

Pay attention, get off your head and be aware. Wherever you are BE there. Be present.

**HOW TO MAKE HER
QUALIFY HERSELF
TO YOU**

UNLEASHING THE ALPHA

The easiest way to get her to qualify, is playfully disqualify her. You do it playfully, you do it fun. Me: Oh, you are such a good girl, too bad we'd never get along ... or ... Oh you are a sexy brunette indeed, too bad I'm into blondes ... I'm playfully disqualifying her.

Questions Qualifiers Those are the most affective, since you can ask whatever you want to get her to qualify herself to you, in any way you want.

One of the most famous qualification questions is Neil Strauss "What are 3 things about you that would make a guy want to get to know you, but can't have anything to do with your looks?"

These questions will vary depending in the depth of the emotional investment requested. The above mentioned, puts the girl in a position where she really have to think her answer, because in her mind she's thinking "what does this guy want me say, so I can get it right".

Another example: "If you had to name your three most positive dominant qualities, what would you say they are?"

Once you get a fair share of answers from women, you will begin to notice some ratios and some answers patterns. The patterns will be within the realms of sex, logic and cognition and emotion.

So, some answers like “feisty”, “adventurous” and “mysterious” can be classified as sexual; “intelligent”, “disciplined” and “good learner” as cognitive-logic, and “loyal”, “friendly”, “truthful” fit best under the emotional label.

Ideally, you should get one answer from the three categories. If you get all logic and emotion answers, you are probably not framing her sexually enough and you will probably be jerking off that night, if you don't pick up the pace on the attraction. On the contrary if you are getting primarily sexual answers, you've framed this girl as sexual, and she does feel very sexual around you.

You should be qualifying the girl early in the interaction, always in a high point of it, when both of you are having a great time, a great vibe.

Always be playful while qualifying, don't get grim, don't get serious about it. Too many guys put the breaks on the interaction, and make this part really serious and make it such a great deal that kills the whole vibe.

Inception Qualifier This type of qualification is very powerful, because she doesn't even have to think about answers or investing. She will just nod YES, unconsciously fill in the gaps and behave like the way you want.

It goes something like this: "I have always liked women that are very passionate, and correct me if I'm wrong, but I get the feeling that you are very passionate, but you haven't got the chance to be passionate for while" Breakdown: I'm framing her as a passionate girl - who doesn't want to be reckoned as passionate - no one ever, especially women.

She can't really argue with me, because it's a feeling that I get from her, so she will accept the frame and will seek opportunities to behave passionately around me :) and I also challenged her when said that I get the feeling too, that she hasn't got the chance to be passionate lately ... so guess who is she going to be passionate with, in the next hour or so ? win ? :)

Remember that women can qualify herself to you without even asking for it. So be very aware of how the interaction develops.

Once she qualifies, by the book, you should move into rapport. But the interaction is extremely dynamic, and also there may be external factor included, that you also have to be aware of, that can alter the “proper” unfolding of the events i.e. alcohol.

So you may want to bed her without any emotional connection and do that after the fuck itself. You can calibrate the situation to taylor it to your desires. Remember, you are the chooser now.

Active Qualification It's when a woman starts to DO things for you. She brings you food, she buys things for you, etc. Every time she does that, reward her. If she's hot and you like her, and if you think that she's really deserving it, give her the best reward ever: an epic fuck. If you don't want to have sex with her, a caress, a compliment, while being sincerely grateful. But always recognize and reward those behaviors.

But remember that qualification is the process by which she is trying to “make you like her” so whatever she says or does to qualify herself recognize it, accept it, cheer it and, depending on the investment she’s making for you, reward it.
